

TCAA's
History

It started 55 years ago when a few friends got together and started painting. We met in the congregational church in Rockville. We now meet at the Arts Of Tolland building on the town green. TCAA has operated continually and through hard work and perseverance it has flourished. We boast 50 plus members and have grown into a strong force in the communities furthering the appreciation of art. We have held open shows and member shows annually and have special events throughout the years. We truly have become an integral part of the cultural environment of Tolland County.

Dues are payable each September

Tolland County Art Association

An organization
for area artists
and patrons

TCAA's Mission

To encourage cooperation and free association among artists, art teachers, art students, craft persons, publishers and others engaged in artistic activities and expression; to provide exhibitions; to promote the study and improvement of the arts and to integrate art into the surrounding society.

We invite you to join Tolland County Art Association. A recent visiting artist noted, "you certainly are a cohesive group with lots going on." That is an accurate snapshot of our club and we welcome all artists and patrons. We have monthly meetings the second Tuesday of the month with art demonstrations. We also meet Tuesday mornings for open studio at Arts Of Tolland building and in the good weather we paint "plein Aire". We have scheduled events including two shows a year, workshops and field trips. There are spontaneous events which have included visits to members' studios and hosted luncheons. We have fun while we are practicing our art. We would love to have you join us and we can share talents. Remember an artist is always in the process of learning and what better environment than with fellow artists.
